### **DETAILED ACTION**

1. Receipt of the amendment filed September 20, 2007 is acknowledged. Claims 2-21,23, 25, 26, 29, 30, 32-34, 39-42 are pending in the application and are presented to be examined upon their merits.

#### ***Response to Arguments***

2. Applicant's arguments, see applicant's remarks, filed September 20, 2007 with respect to the rejection(s) of claim(s) 2-38 under Jones et al have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made under 35 USC 101 for several of the claims.

#### ***Claim Objections***

3. Claim 29 objected to because of the following informalities: In the preamble is should say "...financial strategy for asset to meet financial goals, *said computer system* comprising:" Appropriate correction is required.

#### ***Claim Rejections - 35 USC § 101***

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 10, 25, 26, 30, 33, 34 , 39, 40 & 41 are rejected under 35 U.S.C. 101 because

Re claim 25: claiming a program per se is not in any statutory category

Re claims 10, 23, 26, 33, 40 & 41: crosses over more than one statutory class by stating

Re claims 30, 34, 39: what kind of medium does the applicant mean when he says a computer readable medium? Is it a computer readable *storage* medium. Also it seems that the body of the claim merely represents limitations that may not necessarily be executed by the system. Merely storing data without some kind of transformation of data is non-statutory (see MPEP 2106-2106.02 & 2107.01)

***Allowable Subject Matter***

5. Claims 2-9, 11-21, & 32 are allowed.

6. The following is a statement of reasons for the indication of allowable subject matter:

The allowable subject matter is as indicated in the applicant's remarks September 20, 2007 pages 18-21.
